

## Library Recommendation Form

Please forward this to your Serials Librarian/Library Acquisition Committee

Dear Serials Librarian/Information Specialist,

Please include the following journal in your next serials review meeting, with my recommendation to subscribe to the following Earthscan journal:

### Advances in Building Energy Research

This annual volume brings together invited contributions from the foremost international experts on energy efficiency and environmental quality of buildings. Offering state-of-the-art information on the environmental science and performance of buildings, the journal also links new technologies and methodologies with the latest research on systems, simulations and standards.

The Journal of *Advances in Building Energy Research* (ABER) is an annual review journal which has been published by Earthscan from its inception for the past four years. The Journal publishes specially commissioned review articles to report the current state of the art and the more recent advances in the scientific field of building energy research.

**Editor in Chief: Mat Santamouris,  
University of Athens, Greece**  
[www.earthscan.co.uk/journals/ABER](http://www.earthscan.co.uk/journals/ABER)

ISSN: 1751-2549  
E-ISSN: 1756-2201  
1 issue per year

I recommend the journal for the following reasons:

- REFERENCE:** This journal is directly related to my field and is an important source of reference for my research. I need to refer to articles from this journal frequently in the course of my work.
- STUDENT REFERRAL:** It is critical that students have access to this information to best facilitate their course work and academic pursuits. I will be referring my students to this journal regularly.
- BENEFIT FOR LIBRARY:** This journal will be a valuable addition to the library's collection of scientific resources. Its acquisition will assist the library in fulfilling departmental, faculty and student needs.
- OWN AFFILIATION:** I am a member of the editorial/advisory board and strongly support Earthscan's journals as an essential resource. I regularly recommend articles to students and colleagues.
