

Library Recommendation Form

Please forward this to your Serials Librarian/Library Acquisition Committee

Dear Serials Librarian/Information Specialist,

Please include the following journal in your next serials review meeting, with my recommendation to subscribe to the following Earthscan journal:

Climate Policy

Supported by Climate Strategies

Climate Policy presents the highest quality refereed research and analysis on the policy issues raised by climate change, and provides a forum for commentary and debate. It addresses both the mitigation of, and adaptation to, climate change, within and between the different regions of the world. It encourages a trans-disciplinary approach to these issues at international, regional, national and sectoral levels.

The journal aims to make complex, policy-related analysis of climate change issues accessible to a wide audience. *Climate Policy* thus aims to build on its academic base so as to inject new insights and facilitate informed debate within and between, these diverse constituencies.

I recommend the journal for the following reasons:

- REFERENCE:** This journal is directly related to my field and is an important source of reference for my research. I need to refer to articles from this journal frequently in the course of my work.
- STUDENT REFERRAL:** It is critical that students have access to this information to best facilitate their course work and academic pursuits. I will be referring my students to this journal regularly.
- BENEFIT FOR LIBRARY:** This journal will be a valuable addition to the library's collection of scientific resources. Its acquisition will assist the library in fulfilling departmental, faculty and student needs.
- OWN AFFILIATION:** I am a member of the editorial/advisory board and strongly support Earthscan's journals as an essential resource. I regularly recommend articles to students and colleagues.
