

## Library Recommendation Form

Please forward this to your Serials Librarian/Library Acquisition Committee

Dear Serials Librarian/Information Specialist,

Please include the following journal in your next serials review meeting, with my recommendation to subscribe to the following Earthscan journal:

## The International Journal of Agricultural Sustainability

The *International Journal of Agricultural Sustainability (IJAS)* is a cross-disciplinary, peer-reviewed journal dedicated to advancing the understanding of sustainability in agricultural and food systems. IJAS publishes both theoretical developments and critical appraisals of new evidence on what is not sustainable about current or past agricultural and food systems, as well as on transitions towards agricultural and rural sustainability at farm, community, regional, national and international levels, and through food supply chains. It is committed to clear and consistent use of language and logic, and the use of appropriate evidence to substantiate empirical statements.

IJAS increases knowledge on what technologies and processes are contributing to agricultural sustainability, what policies, institutions and economic structures are preventing or promoting sustainability, and what relevant lessons should be learned.

I recommend this journal for the following reasons:

- REFERENCE:** This journal is directly related to my field and is an important source of reference for my research. I need to refer to articles from this journal frequently in the course of my work.
- STUDENT REFERRAL:** It is critical that students have access to this information to best facilitate their course work and academic pursuits. I will be referring my students to this journal regularly.
- BENEFIT FOR LIBRARY:** This journal will be a valuable addition to the library's collection of scientific resources. Its acquisition will assist the library in fulfilling departmental, faculty and student needs.
- OWN AFFILIATION:** I am a member of the editorial/advisory board and strongly support Earthscan's journals as an essential resource. I regularly recommend articles to students and colleagues.
