

Library Recommendation Form

Please forward this to your Serials Librarian/Library Acquisition Committee

Dear Serials Librarian/Information Specialist,

Please include the following journal in your next serials review meeting, with my recommendation to subscribe to the following Earthscan journal:

Intelligent Buildings International

Intelligent Buildings International is a CIB encouraged journal

An intelligent building provides a sustainable, responsive, effective and supportive environment within which individuals and organisations can achieve their objectives. Technology is fundamental, but is an enabler rather than an end in itself.

Going beyond traditional engineering and architecture solutions, the *Intelligent Buildings International* (INBI) journal examines new methodologies and tools for intelligent buildings, smart materials and systems, and explores the wider context beyond theoretical foundations, linking practical solutions with philosophical or sociological considerations.

Editor in Chief: Professor Derek Clements-Croome, University of Reading, UK

 - STUDENT REFERRAL:** It is critical that students have access to this information to best facilitate their course work and academic pursuits. I will be referring my students to this journal regularly.
