Ian Waller, Real Travel Magazine

Do you want a holiday that bypasses too familiar haunts and gives you a greater depth of experience? Do you want a holiday that is enriching for you - and for the locals at your destination? If you do, and believe that your trip should give local communities a fair deal (so often denied them) as well as being fun, then this book is for you.

- > An extensive updated and expanded directory, listing over 400 hundred places to visit and stay in more than 70 countries, from canoeing the backwaters of the Amazon to luxury breaks in the Indian Ocean
- > A new section tackling the dilemma of tourism and climate change by Tourism Concern director Tricia Barnett
- > Extended introduction, *'Under an Ethical Sky'*, by Polly Pattullo
- > Real-life experiences told by ethical travellers
